Wheeled Coach Launches New Law Enforcement Vehicle

First StrikeForce™ Unit Contracted for NY/NJ PAPD on Display at FDIC 2009

Orlando, Florida – Wheeled Coach Industries, Inc. – the largest Ambulance brand in the World – has contracted their first StrikeForce Series unit for the NY/NJ Port Authority Police Department. The New StrikeForce Series leverages Wheeled Coaches' 30 years of emergency vehicle experience and combines it with state-of-the-art engineering resources to provide departments with the confidence needed when choosing their next Law Enforcement vehicle.

StrikeForce is available as an Emergency Service Unit and Command Post, Blood Alcohol Testing, Field Forensics Lab or S.W.A.T. units. StrikeForce vehicles will be built in Wheeled Coaches' ISO 9001:2000 certified manufacturing plant to ensure the highest production quality and long-term reliability every time.

“Our experience spans every size of vehicle and includes designs on Ford, Chevrolet, Dodge, Freightliner, Navistar and custom chassis”, per Scott Barnes, VP of Marketing and Sales, “so it was a no-brainer to leverage that experience for the growing Law Enforcement vehicle category. And when you combine the fact we have 100's of chassis in-stock, we have the ability of delivering units faster than anyone in the industry.”

Wheeled Coach is a wholly owned subsidiary of Collins Industries, Inc. In addition to being a leading manufacturer of ambulances (including medical attack vehicles, rescue vehicles and fire emergency vehicles), Collins Industries is North America's largest producer of Type “A” small school buses, the nation's second largest manufacturer of terminal trucks and a leader in the road construction and industrial sweeper markets. Since 1971, the Company has grown to approximately 1,000 employees in six plants comprising over one million combined square feet of manufacturing space. The Company sells its products throughout the United States and abroad.
